

Call the Church Office...

- When you are in need of prayer
- When you are going in the hospital for surgery or illness
- When you would like to schedule a Clergy or Lay Eucharistic visitor for Holy Communion
- When there is a birth in your family
- When there is a death in your family
- When you are in trouble or discouraged
- When you need assistance
- When you want to celebrate good news
- When you need to share bad news
- When you want to schedule an event
- When you need information relating to the parish life of St. Stephen's

We do our best to keep up with the lives of the people who attend, or are related to people who attend St. Stephen's Episcopal Church. We can help best when we know about events before or as they are happening rather than after the fact.
